## OUR VISION

Christian Families Against Destructive Decisions mission is to influence the building and sustaining of strong families and strong generational heritages by promoting a biblical worldview and a God first lifestyle. All of the pain, grief, sorrow and sin in the world is the result of just one wrong decision. Every day we make hundreds of decisions that determine what we say and do. CFADD seeks to educate the public about the benefits and consequences of decisions that affect them and their loved ones, and to provide resources, strategies, and principles that would aid them in making good sound decisions. For no good action can be taken unless it is preceded by a good decision, because each good decision is an investment in a great future.

Christian Families Against Destructive Decisions strives:

- To enhance the desirability of marriage and family life.
- To promote abstinence before marriage and monogamy.
- To combat the misinformation and ignorance that effects our families
- To advocate that children have dedicated mothers and fathers to protect, nurture and guide their development toward their adulthood
- To promote equality and justice for all babies conceived in the womb
- To combat all cultural ideologies and/or behavior that disrupts the nuclear family
- To reduce media violence against the family

Only by restoring the biblical foundations of the home, can the church and society flourish. Our journey together to restore the foundations of the families and repair the breaches has just begun. Through CFADD, you will become a part of the revival of biblical family values. Together we will see the heart of the fathers turn to the children and the heart of the children to their fathers and an end to the curse of fatherlessness in the Earth (Malachi 4:6).

The Quick Family, CFADD Family Champions

# The Vision for CFADD has been Inspired by Nearly Half a Century of Work Done in Family Ministry ...

199 Men helps men confront and conquer beliefs that keep them from fulfilling their potential and achieving God's plan for their lives.

Apostle Quick held several family conferences to tackle the current social and cultural problems for nearly ten years.

From 2004–2012, the 21st Century After School Program served 100 students and their parents each year by providing tutoring and character building support.

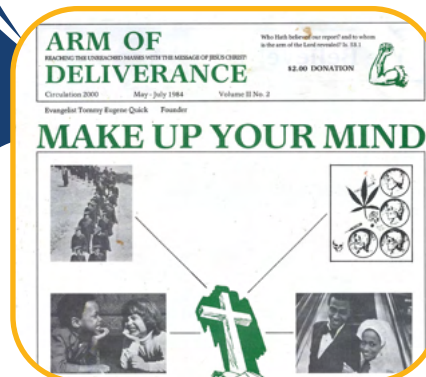

In 2008, Apostle Quick founded Black Boys of Distinction, a transformative mentoring program for at-risk boys.

In 1993, Positive Direction for Youth was founded and opened its doors to children and families across the county.

July 21, 1997  
Spartanburg Christian Discipleship Center will sponsor an open house for Positive Directions 4 Youth at the Westside Youth Center, 1810 Tamara Way, today. An open house celebration will be held at 9 a.m. and the events will be held from 10 a.m. to 2 p.m. There will be carnival rides, games, face painting, food, and appearances by "Mr. McGruff," "Smokie" and "Flash."

Apostle Quick created the Arm of Deliverance book to reach families for Christ.

Conservative Federation Gala.

In 2020, Apostle Quick  
Shared his Vision for Family  
at the First CFADD Rally.

# OUR HISTORY

The dawn of 2020 was indeed full of uncertainty and uncharted territory as the world faced a global pandemic and our founder, Apostle Tommy E. Quick endured the greatest trial of his life. This time of physical and social isolation was not absent of God's voice as He spoke clearly to Apostle Quick regarding the need to restore families. On God's direction, the mission and movement of Christian Families Against Destructive Decisions (CFADD), was birthed in Spartanburg, South Carolina.

The first planning sessions took place in April and the team worked urgently to complete the organizing, branding and other administrative details needed to officially establish the organization as a non-profit 501(c)(3) in September 2020. CFADD's website and social media presence grew rapidly upon its launch, capturing over 1,000 dedicated followers within a month. A kickoff rally was held in October 2020 in partnership with the Beacon Drive-In and attendees encouraged the vision by traveling from across the Carolinas and Virginia.

In August 2021, CFADD endeavored to host its first and now signature annual event, a National Family Conference; it was themed The Case for CFADD. It was an overwhelming success and year after year, in-person and virtual workshops have premiered the most renowned experts in their professions expounding on various topics that address our family and the Godly solutions we must take. Keynote speakers have included our very own founder, Apostle Quick, the late Dean Nelson, Lt. Governor Mark Robinson, Bishop Patrick Wooden Sr and the legendary Dr. Bob Woodson.

Each year CFADD continues to build upon the mission that God has given.

In 2021, CFADD began developing mission driven programming, which has expanded each year. With a solid governance structure, the CFADD board and steering committee are aligned on strategic goals and actions which include:

- 1) training program content development and awareness/availability
- 2) family policy advocacy
- 3) organization sustainability

With these in view, the team has worked hard in achievement of a Platinum Transparency rating for Candid/Charity One audits.

Locally, CFADD stays connected to its flagship community through various outreach initiatives annually. To name a few, Spring Fling, Spartanburg Christmas Parade, community cookouts, prayer walks, Christmas Give-a-way, Father's Day Brunch, CFADDforKids and other grassroots efforts as the need arises.

CFADD's programs, which are offered to support its mission expand each year to meet the growing demand. In 2022, CFADD's Moms on a Mission (MOMs) recognized it's first CFADD Mother of the Year. MOMs have continued to gain momentum and now prints a newsletter, giving much-needed support to all moms. Likewise, Dads at Duty (DADs), staple Father's Day event continues to attract 100s of men each year, reconnecting and recovering relationships that were severed.

The CFADD College Chapter that started on the University of South Carolina Upstate Campus has impacted over 200 students to embrace the divine order of family. The CFADD chapter and affiliate network continues to grow and the diverse partnerships, is exemplified by the expansive relationship CFADD has developed with Southern Wesleyan University.

Embarking to influence the next generation of ministry leaders, SWU, is investing in CFADD participating churches who have college bound students through tailored scholarship opportunities.

On the hills of the 2023 National Family Conference, CFADD began its first large-scale fundraising campaign with a donor matching dollar for dollar up to \$100,000! It was a huge feat for a non-profit, run primarily by volunteers, but in under 90 days, it was done. This was just the catapult the organization needed. In late November, the CFADD Family University launched with its highly anticipated Family Champion course. In early 2024, CFADD Universe, a private and safe social media community, was launched. This would soon house similar platforms for targeted groups. Now there's Connected for teens and young adults, Just Parents and the Black Man Resurgence communities where likeminded believers can gain information, share stories, be encouraged and be protected from secular social media influences. God was at work, stirring the heart of our founder to penetrate the local community. In the spring of 2024, God's vision was made plain as CFADD made plans to open its first Family Training Center and its National Headquarters. Following a great witnessing effort at Spartanburg's Spring Fling, CFADD welcomed over 550 guests to its grand opening event in May 2024. CFADD gave away a car, 75 bicycles to adults and children, as well as over \$1000 in gift cards, food, and gifts. Previews of training center offerings and tours were giving. It was a phenomenal day!

In May, we celebrated Wombman Month, for all those born with a womb, signifying the special value placed on women by God. The Mother of the Year was renamed the Ruby Award.

Over 20 mothers were beautifully recognized, but one exemplary mother was chosen as the Ruby. Mother Estelle Quick, mother of our founder, was the 2023 Ruby. This was followed by 'Man-Up' month for men in June when we hosted our annual Father's Day Brunch to the theme Family: The Superbowl of Life.

We were joined by over 200 guests, former NFL football player Jack Brewer, former boxer Duke Tanner and our founder, Apostle Quick who led a legendary panel.

CFADD's advocacy work continued this past year, as our founder and several other members spoke out at the South Carolina State Board of Education meeting, influencing legislation that will give teachers less latitude on books that are presented without parental consent in the classroom and in the school library. CFADD's founder has been invited, attended and presented at several conferences nationwide including Douglas Leadership Institute, Road to the Majority, Student's for Life in Columbia to name a few. In recent months his attention has turned locally to the community of Spartanburg and gathering more local focus on the Family Training Center, writing a book and his new podcast for men.

The vision is still burning strong! We are grateful for how the Lord is guiding our leader and providing every resource. By His grace we will continue to **influence the building and sustaining of strong families and strong generational heritages through a biblical worldview and God first lifestyle.**

**"OUR HISTORY  
IS STRONG, OUR  
FUTURE WILL BE  
STRONGER"**

### FAMILY TRAINING CENTER

At the CFADD Family Training Center, we recognize the diverse challenges families face today, from financial concerns and lifestyle changes to technology's impact and mental health issues. Our center offers various services, including interactive workshops, online resources, webinars, one-on-one coaching, and peer-to-peer support programs. By using these services, we aim to give families the tools they need to handle the pressures of modern life and to improve their relationships. We're here to help families not just survive, but thrive, despite the challenges they face.

### CFADD UNIVERSE

CFADD Universe is a vibrant community where you can take the first step towards building a strong, sustainable family and leaving a lasting legacy. Join the community today and unlock the resources and support you need to thrive in your faith, relationships, and overall well-being. Remember, a strong family begins with a God First Lifestyle and a Biblical Worldview. Let us walk alongside you on this transformative journey.

### CFADD FAMILY UNIVERSITY

The CFADD Family University is a free, online university designed to equip parents, young adults, pastors, ministers and married couples with the tools and knowledge they need to build strong families and family ministries which lead to lasting generational legacies. Course material helps sharpen a biblical worldview, build familial bond, start family traditions, embrace a God First lifestyle, embrace family ministry and much more.

### FAMILY MINISTRY TRAINING

In-depth, 10-week course that will prepare your church and/or organization to serve families from diverse social, economic and ethnic backgrounds. Curriculum drives individualized family ministry based on the completion of a gap assessment of current programs vs the needs of the specific community demographics. Program objective is to equip people for personal evangelism and how to overcome the various challenges of family focused ministry.

### MARRIAGE BOOT CAMP

The CFADD Marriage Building Project is a year-around program that aims to esteem the value of biblical marriage between one man and one woman as well as promotes the benefits of marriage to increase the rate of two parent homes. Couples receive pre-marital counseling and post marital support. In addition, each couple that completes counseling is eligible for a no cost wedding ceremony.

### 199 MEN AND THEIR FAMILIES (The Black Manhood Resurgence Center)

Educating, empowering and equipping men to stand in their biblical manhood through application of the word of God in today's world. Dialogues focus on the challenges and opportunities that face men and their role in the family. Teachings direct them back to taking responsibility for their actions and seeking God in all things.

### JUST PARENTS (Dads at Duty and Moms on Mission)

Just Parents' mission is to empower and support parents in their crucial roles raising up the next generation and to raise awareness of the value of the distinct roles of DADS and MOMS as well as the impact they have on the well-being of children and society as a whole.

### CFADD 4KIDS

Embracing the entire family, CFADD for Kids was developed for the younger members of the family. Fun graphics and singing are used to teach character attributes that align with God's word and are fundamental to productive, honest living in today's society. Courses teach family roles, belonging, integrity, and so much more in an age specific format that will be enjoyed by children of all ages and adults alike. CFADD 4Kids offers a virtual institute.

## It's Time to Talk about Protecting Children

Based on focus groups and surveys conducted in  
6 battleground states among moderate Americans:

- ✓ By a **two-to-one margin**, battleground voters agree that discussions of sexuality and gender identity are best left to parents.
- ✓ A **majority of voters** say there's a genuine problem with age-inappropriate discussions of sexuality, both in K-12 public schools overall (51%) and in public high schools (53%).
- ✓ **53% of battleground voters** say they worry a great deal about social media's impact on young people.

**It's time for schools to get back to basics on education and let parents take the lead on bringing up issues of sexuality and gender identity.**
